

CALL FOR SUBMISSIONS

NOVEMBER 9 & 10, 2016
KREMS, AUSTRIA

3rd Responsible Management Education Research Conference

Responsible Management 2030

**Linking the Sustainable Development Goals and
Management Education at Universities**

Conference website: <http://rmerconference2016.prmechapterdach.eu/>

Our planet faces massive economic, social, environmental and governance challenges. To address these, the “Agenda 2030” defines 17 Sustainable Development Goals (SDGs) and 169 related targets that represent an unprecedented opportunity to lead the world on a sustainable path. The challenges addressed in the SDGs also require integrated thinking, action and coordination at university level. Thus, **the key objective of this conference is to create awareness for SDGs in management education** and to **discuss initiatives, methods and pioneering activities for including SDG-related issues in strategies, teaching and research.**

The conference will explore approaches of how to incorporate issues of sustainability in management education for the discussion of which it will adopt a wide focus. We invite scholars, educators, students, policy makers and practitioners to present teaching concepts as well as empirical and theoretical research and discuss current issues to help shape future priorities.

Proposed topics of interest

We invite submissions, which examine issues of sustainability and their interaction with teaching and management education, and ask authors to submit abstracts for program consideration. Each submission should focus on the following general themes or the conference focus theme:

- Processes, obstacles and opportunities of integrating sustainability in management education
- Research on and/or application of the Sustainable Development Goals (SDGs)
- Teaching models and concepts on SDG issues such as
 - Anti-corruption
 - Poverty alleviation and inclusive businesses
 - Gender equality and reduced inequality
 - Clean water and energy
 - Work and economic growth
 - Industry, innovation and infrastructure
 - Sustainable cities and communities
 - Responsible consumption and production
 - Climate action
- In-depth qualitative case studies and comparative case studies on the above topics
- Solutions for global challenges of sustainable management practice

Important Submission Deadlines

- ✓ **3 June 2016:** Deadline for Submissions Accepted Online¹⁾
- ✓ **3 June 2016:** Acceptance Notification¹⁾
- ✓ **11 September 2016:** Final Submissions (including abstracts, extended abstracts and profiles), registration and receipt of payment
- ✓ **23 October 2016:** Presentation Slides

Submissions

The table below describes the possible submission types. All files must be submitted through the [online system](#) at by the deadline dates. Final submissions are limited to 4-6 page extended abstracts to allow authors of accepted conference work to pursue journal publication opportunities.

Type of submission	Description	Required documents (in English)				
		Outline	Abstract	Extended Abstract	Lead Presenter Profile	Presentation slides
		by June 3, 2016	by September 11, 2016		by Oct. 23, 2016	
Research Result Submissions	Complete academic research of an empirical or theoretical nature	700 words, using structured headings	One-page abstract (max. 500 words) summarizing the submission	Optional. Maximum length 4-6 pages	Presenter Profile: Max. 100 words of text	Max. 15 slides
